

BAP - Lichens (England) and Species Recovery Programme.

- 1a. Gilbert, O.L. (1997) *Audit of Buellia asterella the Starry Breck Lichen* 3-4 October 1997. [Report to Joint Nature Conservation Committee, Peterborough]. 7 pp. incl. photos and map. A detailed count of the number of plants present at Lakenheath Warren.
- 1b. Gilbert, O.L. (1999). *Second Audit of Buellia asterella the Starry Breck Lichen* 15 October 1999. [Report to Joint Nature Conservation Committee, Peterborough]. 3 pp. A count of the number of plants present at Lakenheath Warren. It had declined by 60% over the two years.
- 2a. Gilbert, O.L. (1999). *Species Recovery Programme: Calicium corynellum*. [Report to Joint Nature Conservation Committee, Peterborough]. 5 pp., incl. photos.
- 2b. Simkin, J.M. (2003). **Calicium corynellum**. [Report to Plantlife]. 23pp., incl. maps and photographs.
Autecological study and survey for *C.corynellum*, now known from churchyards at **Bywell, Whitfield and Borthwick** [in **Midlothian, Scotland**].
3. Edwards, B. (1999). *Catapyrenium psoromoides in Dorset*. [Report to Dorset Environmental Records Centre]. 8 pp. Incl. map and figs.
Survey of a single Ash tree supporting a population of *Catapyrenium psoromoides*.
- 4a. Sanderson, N. A. (1994). *An Ecological Survey of the Lichens Catillaria laureri and Parmelia minarum in the New Forest, Hampshire*. [Report to Hampshire Wildlife Trust.] 83 pp. incl. maps, graphs & tables.
Ecological survey of New Forest populations of *Catillaria laureri*, *Parmelia minarum* & *Enterographa elaborata*, photographically located trees, photographing monitoring & constancy tables.
- 4b. Sanderson, N. A. (1994). *An Ecological Survey of the Lichens Catillaria laureri and Parmelia minarum in the New Forest, Hampshire. Second Report..* [Report to Hampshire Wildlife Trust.] 43 pp. incl. maps, graphs & tables.
Ecological survey of New Forest populations of *Catillaria laureri*, *Parmelia minarum* & *Enterographa elaborata*, photographically located trees, photographing monitoring & constancy tables.
- 5a. Giavarini, V.J. (1999). *Survey to Determine the Presence/Absence of Collema dichotomum on the River Barle and River Exe*. [Report for the Environment Agency]. 20 pp., incl. maps & Figs.
- 5b. Gilbert, O.L. (1999). *Survey to Assess the Status of Collema dichotomum*. [Report to Joint Nature Conservation Committee, Peterborough]. 14 pp., incl. photos and maps.
A pre-recovery survey of sites on the Rivers Eden, North Tyne, Coquet, Brown Cove Tarn and several unsuccessful searches.
6. Gilbert, O.L. (1999). *Survey to assess the status of Gyalecta ulmi the Elm Tree Lichen*. [Report to Joint Nature Conservation Committee, Peterborough]. 16 pp., incl. maps and photographs.
A pre-recovery survey of sites at Yew Crag, Northumberland; Moccas Park, Herefordshire; and several unsuccessful searches.

7. Coppins, A.M. & Coppins, B.J. (1998). *Species Recovery Programme: Survey to assess the status of **Schismatomma graphidioides**, "The Speckled script lichen", in England*. [Report to English Nature. Contract No. FIN/CON/089]. 21 pp + figs and maps.
- 8a. Gilbert, O.L. (1995). *Audit of **Teloschistes flavicans** in South-West England*. [Report to Joint Nature Conservation Committee, Peterborough]. 67 pp. incl. maps and photos.
Pre-recovery survey of the species in Cornwall, Devon, Dorset and Somerset.
- 8b. Gilbert, O.L. (1997). *Species Action Plan for Golden Hair-Lichen (**Teloschistes flavicans**)*. [Report to Joint Nature Conservation Committee, Peterborough]. 7 pp.
- 8c. Gilbert, O.L. (1997). *Species Recovery Programme Project: Golden Hair-Lichen Transplant Trials (**Teloschistes flavicans**)*. [Report to Joint Nature Conservation Committee, Peterborough]. 30 pp., incl. maps and photos.
Describes the setting up of epiphytic transplants at Dunscombe, Uggaton and Stokenham, Devon; Lulworth Park and Melbury Park, Dorset.
- 8d. Gilbert, O.L. (1998). *Species Recovery Programme - **Golden Hair-Lichen** - Transplant Monitoring: Year 1 (Summer 1997 to summer 1998)*. [Report to Joint Nature Conservation Committee, Peterborough]. 3 pp.
- 8e. Gilbert, O.L. (1999). *Species Recovery Programme - **Golden Hair-Lichen** - Transplant Monitoring: Year 2 (Summer 1998 to Summer 1999)*. [Report to Joint Nature Conservation Committee, Peterborough]. 5 pp.
- 8f. Gilbert, O.L. (2000). *Species Recovery Programme - **Golden Hair-Lichen** - Transplant Monitoring: Year 3 (Summer 1999 to Summer 2000)*. [Report to Joint Nature Conservation Committee, Peterborough]. 6 pp., incl. photos.
- 8g. Gilbert, O. L. (2001). *Species Recovery Programme - **Golden Hair Lichen-Transplant Monitoring: Year 4 (Summer 2000 to Summer 2001)***. [Report to Joint Nature Conservation Committee, Peterborough]. 4 pp.
- 8h. Gilbert, O.L. (2002). *Species Recovery Programme- **Golden Hair-Lichen- Transplant Monitoring: Year 5 (Summer 2001 to Summer 2002)***. [Report to Joint Nature Conservation Committee, Peterborough]. 14 pp., incl. photos.
- 8i. Gilbert, O. L. (2002). *Species Recovery Programme- **Golden Hair-Lichen- Transplant Monitoring: Summary of the First Five Years***. [Report to Joint Nature Conservation Committee, Peterborough]. 6 pp.
- 9a. Gilbert, O.L. (1991). *Species Recovery Programme: **Breckland Lichen Survey 1991***. [Report to Joint Nature Conservation Committee, Peterborough]. 26 pp. incl. maps and chart quadrats.
A pre-recovery survey. All known sites of the Breckland rarities were visited, extent of populations assessed, and seven permanent quadrats established to monitor change.
- 9b. Gilbert, O.L. (1992). *Species Recovery Programme: **Breckland Lichen Transplant Project***. [Report to Joint Nature Conservation Committee, Peterborough]. 19 pp. incl. maps, chart quadrats.
Describes the setting up of transplants at three sites in Breckland involving *Fulgensia fulgens* from the Isle of Wight, and *Buellia asterella* and *Squamarina lentigera* from Lakenheath Warren.

- 9c.** Gilbert, O.L. (1993). *Species Recovery Programme: Breckland Lichen Transplant Project: First Resurvey*. [Report to Joint Nature Conservation Committee, Peterborough]. 8 pp. incl. chart quadrats.
Condition of the transplants after seven months.
- 9d.** Hitch, C.J.B. (1993). *Species Recovery Programme: Breckland Lichen Transplant Project: Second Resurvey*. [Report to Joint Nature Conservation Committee, Peterborough]. 6 pp. incl. chart quadrats.
Condition of the transplants after one year.
- 9e.** Gilbert, O.L. (1994). *Species Recovery Programme: Breckland Lichen Transplant Project: Third Resurvey*. [Report to Joint Nature Conservation Committee, Peterborough]. 5 pp.
Condition of the transplants after two years.
- 9f.** Gilbert, O.L. (1995). *Species Recovery Programme: Breckland Lichen Transplant Project: Fourth Resurvey*. [Report to Joint Nature Conservation Committee, Peterborough]. 7 pp., incl. chart quadrats.
Condition of the transplants after three years and table comparing results of the first four resurveys.
- 10a.** Gilbert, O.L. (1996). *Baseline Lichen Monitoring: Thetford NNR*. [Report to English Nature, Bury St Edmunds]. 25 pp., incl. map, chart quadrats and photos.
Eleven 1 × 1 m quadrats set up to monitor possible effects, on terricolous lichens, of increased traffic flow past the reserve.
- 10b.** Gilbert, O.L. (1997). *Baseline Lichen Monitoring: Thetford NNR Resurvey*. [Report to English Nature, Bury St Edmunds]. 27 pp., incl. photos and map.
Resurvey of the eleven quadrats after a year of increased traffic flow past the reserve. No effect and traffic flow returned to normal.
-
