Rapid Woodland Assessment Results (Lake District)

Here is a brief summary of the Rapid Woodland Assessment (RWA) data submitted so far. Purple pins show the locations of the surveyed woodlands. Click on the pin to see a summary of how the woodland scored for each section in the RWA. You can download a copy of the RWA from the Plantlife website to get more detail on how these scores are calculated. You will also see a list of any threats to

New Generation Botanist Scheme **Plantlife**

29 people involved in official training
