

## ENGLAND

[Buckinghamshire](#) ~ [Cornwall](#) ~ [Cumbria](#) ~ [Derbyshire](#) ~ [Devon](#) ~ [Dorset](#) ~ [Durham](#) ~ [Gloucestershire](#) ~ [Hereford & Worcester](#) ~ [Kent](#) ~ [Lancashire](#) ~ [London](#) ~ [Northamptonshire](#) ~ [Northumberland](#) ~ [Shropshire](#) ~ [Somerset](#) ~ [Staffordshire](#) ~ [Suffolk](#) ~ [Surrey](#) ~ [Sussex](#) ~ [Wiltshire](#) ~ [Yorkshire](#)

### Buckinghamshire

1. O'Dare, A.M. (1990). *Stowe Park, Bucks.: Lichen Survey*. [Report to The National Trust]. 21 pp., inc. maps & species lists.  
18th century parkland, old woodland remnants; tagged trees. Total lichen taxa 94; RIEC 0; NIEC 1.  
Lichenicolous Fung 2.

### Cornwall

1. Davey, S.R. (1993). *A general botanical survey of Chytane Wood, Penhale*. Report for Ashdown Environmental Consultancy, East Sussex. 14 pp.  
Site contains recent and unremarkable oak woodland. Total lichen taxa 24.
- 2a. Davey, S.R. (1994). *A Lichen Survey of a section of willow carr on Goss Moor, Indian Queens*. Report for Bioscan (UK) Ltd. 5 pp.  
An area of scrubby carr with occasional small oak and ash. Total lichen taxa 27; RIEC 5; NIEC 2.
- 2b. Davey, S.R. (1999). *A lower plant survey of Lower Plants downwind of the Power Station on Goss Moor, Indian Queens, Cornwall*. Report for Ashdown Environmental Consultancy, East Sussex. 4 pp.  
Site contains sphagnum bog and associated willow carr. Total lichen taxa 25; RIEC 5; NIEC 2.
3. Davey, S.R. (2000). *Lichens of Lombard Farm (National Trust Property) Lichen Survey*. Report for Adrian Spalding Associates, Truro. 11 pp.  
Oak woodland on a steep estuary above Lerryn Creek, near St Veep. Total lichen taxa 52; NIEC 9; RIEC 25.
4. Davey, S.R. (2000). *Lichens of Nare Head (National Trust Property) Lichen Survey*: Report for Adrian Spalding Associates, Truro. 11 pp.  
Headland with rock outcrops and including willow carr. Total lichen taxa 73, 26 exclusively corticolous; RIEC 10; NIEC 2.
5. Davey, S.R. (2000). *Lichens of Penrose Park (National Trust Property) Lichen Survey*: Report for Adrian Spalding Associates, Truro 14 pp.  
Parkland including mixed and extensively managed woodland. Total lichen taxa 82, 63 exclusively corticolous; RIEC 35; NIEC 8 +1B.

6. Davey, S.R. (2000). *Lichens of Valency Valley, Boscastle (National Trust Property) Lichen Survey*: Report for Adrian Spalding Associates, Truro. 20 pp.  
Valley woodland, some remnant of ancient woodland close to the river. Fine lichen flora on ash. Total lichen taxa 76; RIEC 50; NIEC 21 +2B.
7. Giavarini, V.J. (2000). *Lichen survey of the Godolphin Estate, Cornwall*. [Report to The National Trust]. 13 pp, incl. species list and map.  
Woods, mines and walls. Total lichen taxa 131; RIEC 20.
8. O'Dare, A.M. (1990). *Lichen Survey of Lanhydrock Park, Cornwall*. [Report to The National Trust]. 33 pp., inc. map, species list & Figs.  
Parkland, after storm damage; tagged trees. Total number of lichen taxa 136; RIEC 100; NIEC 34.

## Cumbria

- 1a. Gilbert, O.L. (1978). *Report on Lichen Survey and Transplant Work at Lowther Park, Cumbria*. [Report to Nature Conservancy Council, Bowness-on-Windermere]. 7 pp., incl. maps and diagrams.  
Survey of selected areas of the old park and setting up of some inconsequential lichen transplants.
- 1b. Gilbert, O. L. (1980). *Second Report on Lichen Transplant Work at Lowther Park, Cumbria*. [Report to Nature Conservancy Council, Bowness-on-Windermere]. 13 pp., incl. maps and diagrams.  
Resurvey of transplants set up in 1978 and details of the setting up of 14 important long-term transplants of *Lobaria amplissima* of a felled ash.
- 1c. Gilbert, O.L. (1982). *Third Report on Lichen Transplant Work at Lowther Park, Cumbria*. [ Report to Nature Conservancy Council, Bowness-on-Windermere]. 2 pp.  
Ten of the original *Lobaria amplissima* transplants remain.
- 1d. Gilbert, O.L. (1986). *Fourth Report on Lichen Transplant Work at Lowther Park, Cumbria*. [Report to Nature Conservancy Council, Bowness-on-Windermere]. 1 pp.  
Ten of the original *Lobaria amplissima* transplants remain.
- 1e. Gilbert, O.L. (2000). *Twentieth Anniversary Assessment of Lichen Transplant Work at Lowther Park, Cumbria*. [Report to English Nature, Kendal]. 2 pp.  
Six of the original transplants of *Lobaria amplissima* remain.
- 2a. Simkin, J.M. (1999). *Survey of Heavy Metal Contaminated Sites in the North Pennines*. [Report to British Lichen Society]. 14pp.  
Preliminary survey of 50 mine, smeltpoll and river shingle sites in the **Nenthead-Alston** area and on the **Allen** and **South Tyne** rivers. Areas of lichen interest worthy of further investigation were identified at 37 sites. Some sites are in **Northumberland**.
- 2b. Simkin, J.M. (1999). *Lichen Survey of Nenthead Mines*. [Report to North Pennines Heritage Trust]. 12pp.  
Survey prior to archaeological investigation and development as a heritage centre, identifying areas of lichen interest and recommending conservation measures.

- 2c.** Simkin, J.M. (2003). *Lichen Survey of Lead Mines in the Alston Moor area of the North Pennines*. [Report to English Nature, Peterborough]. 50pp., incl. maps and photographs. Survey of lead mine workings and spoil in the Garrigill-Nenthead area of the North Pennines, including **Tynebottom, Whitesyke, Bentyfield, Browngill, Nenthead, Killhope Moor and Coalcleugh** mines. Some sites are in **Northumberland**.

## Derbyshire

- 1.** Gilbert, O.L. (1996). *Lichen Survey of Cawdor Quarry, Matlock*. [Report to Rodney Heliwell, Wirksworth, Derbyshire]. 4 pp.  
Survey found 52 lichens in all habitats.
- 2.** Gilbert, O.L. (2000). *Eyam Heavy Metal Site: Lichen Survey*. [Report to Environment Partnership, Warrington]. 1 pp.  
16 terricolous lichen taxa present, incl. *Peltigera neckeri*.
- 3.** Gilbert, O.L. (2000). *Lichen Monitoring at Hope Valley Cement Works*. [Report to Blue Circle Industries, Hope Valley]. 47 pp.  
Long term monitoring scheme for alkaline dust fall out established.
- 4.** Orange, A. (2002). *A Survey of the Saxicolous Lichen and Bryophyte Communities of the Peak District Dales cSAC*. National Museums and Galleries of Wales: Report to English Nature. [Carboniferous Limestone, 101 relevés grouped into 15 provisional noda. V.C. 57. Hectads 43/15, 16, 17.]

## Devon

- 1a.** Coppins, A.M. & Coppins, B.J. (1995). *Buckland-in-the-Moor Woodlands (part of Holne Chase SSSI)(VC 3, South Devon): Lichen Survey*. [Report to Fountain Forestry and English Nature]. 94 pp., inc Figs., species list & maps.  
Valley woodlands; tagged trees. Total lichen taxa 191; RIEC 115; NIEC 48. Lichenicolous Fung 6.
- 1b.** Giavarini, V.J. (2000). *Lichen Monitoring Project, Riverside Trees, Holne Chase, Dartmoor*. [Report to English Nature]. 24 pp., incl. species list and Figs.  
River valley trees tagged. Total lichen flora 96; RIEC 50; NIEC 17 + 2B.
- 1c.** Rose, F. & Stern, R.C. (1990). *Report on Lichen and Bryophyte Surveys of Holne Woods, 16 - 18 October 1990*. [Report to The National Trust]. 2 pp. + mapping cards and map.  
Total lichen taxa 73; NIEC 17+2; RIEC 50.
- 1d.** Davey, S.R. (2000). *Buckland in the Moor Woodlands: Lichen Survey*. [Report to English Nature]. 42 pp., incl. maps and species lists.
- 1e.** Davey, S.R. (2000). *Ausewell Rocks: Lichen Survey*. [Report to English Nature]. 13 pp. + map and Figs.
- 1f.** Davey, S.R. (2000). *Grey Park Wood: Lichen Survey*. [Report to English Nature]. 42 pp., incl. maps and species lists. 9 pp. incl. map and species lists.
- 2a.** Coppins, A.M. & Coppins, B.J. (1996). *Watersmeet and Foreland Point (V.C. 4, North Devon). Lichen Survey*. [Report to The National Trust]. 51 pp., inc. map, species list & Figs.  
Valley woodlands, mostly oak coppice; tagged trees. total lichen taxa 300; RIEC 90; NIEC 46. Foreland Point coastal turf & rock communities; total number of lichen taxa 62.

- 2b.** Coppins, A.M. & Coppins, B.J. (2002). *Watersmeet SSSI (part of Exmoor & Quantocks cSAC): Lichen Survey of periphery woodlands in the Hoarook Water, Farley Water and East Lyn Rivers*. [Report to English Nature]. 182 pp.  
Upland oakwoods and pasture woodland. Total lichen taxa for Watersmeet Complex 343, 215 epiphytic, 137 saxicolous, 34 terricolous; RIEC 105, NIEC 44 + 16; RDB species 4 (VU 1, DD 2, NT 1).
- 3.** Coppins, A.M. & Coppins, B.J. (1998). *Lichen Survey of Doctor's Wood (with Chubhill Wood and Kipscombe Enclosure), North Devon (VC 4)*. [Report to The National Trust]. 29 pp., inc. maps, species lists & Figs.  
Steep, coastal cliff-top woods, mostly former oak coppice, some old pollards; tagged trees. Total lichen taxa 120; RIEC 45; NIEC 23. Lichenicolous Fung 4.
- 4a.** Coppins, A.M. & Coppins, B.J. (1999) *The Arlington Estate, North Devon (VC 4): Lichen Survey of riparian woodlands*. [Report to the National Trust]. 50pp., inc. maps, species list & Figs.  
Three areas of riparian woodlands. Tagged trees. Total taxa (riparian area only) 117; RIEC 70; NIEC 29.
- 4b.** O'Dare, A.M. (1990). *Arlington (Devon) - Lichen Surveys, 1988 & 1990*. [Report to The National Trust]. 35 pp., incl. maps & species cards.  
Parkland & woodlands. Tagged trees. (see 5e for species totals & RIEC, NIEC).
- 4c.** O'Dare, A.M. & Coppins, B.J. (1992). *Arlington Court, North Devon: Lichen flora of fallen oak (tag no. 01046) and subsequent transplanting exercise*. [Report to The National Trust]. 9pp., inc. map, species list & Figs.  
Wind-blown parkland oak. Total taxa for tree: 85; RIEC 55; NIEC 11.
- 4d.** O'Dare, A.M. & Coppins, B.J. (1992). *Arlington Court, North Devon: Lichen flora of some additional, peripheral areas of woodland*. [Report to The National Trust]. 15 pp., incl. map, species list & Figs.  
Mixed woodland & trees in pasture (additional to the main Arlington complex). Tagged trees. Total lichen taxa: 134; RIEC 80; NIEC 27.
- 4e.** O'Dare, A.M. & Coppins, B.J. (1994). *Arlington Court, North Devon: Revue of the status of tagged trees, with management suggestions, comments on additional trees and habitats, and a brief report on the lichen-rich carr*. [Report to the National Trust]. 61 pp., incl. maps, species list & Figs.  
Overview of status of this complex, including *Salix* carr & tagged trees. Total lichen taxa: 275; RIEC 140; NIEC 63. [See also additional records from 4a].
- 5a.** Coppins, A.M. & Coppins, B.J. (1999) *Peppercombe and Portledge, North Devon (VC 4): Lichen Survey III*. [Report to the National Trust]. 70pp., incl. maps, Species list & Figs.  
Valley woods, coastal woods, tagged trees. Total lichen taxa: 175; RIEC 90; NIEC 46. Lichenicolous Fung 6.
- 5b.** O'Dare, A.M. (1989). *Peppercombe and Portledge, North Devon: Lichen Survey*. [Report to the National Trust]. 39 pp.
- 5c.** O'Dare, A.M., Rose, F. & Jarman, R. (1990). *Portledge and Peppercombe, North Devon: Lichen Survey*. [Report to the National Trust]. 14 pp.  
Coastal and valley woodlands; tagged trees. Total lichen taxa 148; RIEC 90; NIEC 36.

- 6a.** Coppins, A.M. & Coppins, B.J. (2000). *Dunsland SSSI (VC 4 North Devon) - The lichen interest and proposed management under CSS*. [Report to The National Trust]. 41 pp., incl. map, species list and Figs.  
Tagged trees, updated species list. Total taxa 203; RIEC 135; NIEC 47+4.
- 6b.** O'Dare, A.M. (1990). *Dunsland (Devon) - Lichen Survey*. [Report to The National Trust]. 11 pp., incl. maps, Figs & species cards.
- 6c.** O'Dare, A.M., Rose, F. & Jarman, R. (1990). *Dunsland, Devon*. [Report to The National Trust]. 15 pp. .
- 7.** Hawksworth, D.H. (1977). *Lichen Survey of Selected Sites in North Devon*. [Report to the Nature Conservancy Council]. 31 pp., incl. Devon record cards and maps. Small fragment parkland, willow carr; tagged trees. Total lichen taxa 163; RIEC 110; NIEC 40.  
Sites covered are Abbotsham Church, Buck's Mills, Countisbury Cove, Croyde Bay, Heddon's Mouth, Huish Park, Martinhoe Church, Lee Abbey Woods, Lynmouth Harbour, Peppercombe, Shirwell Church, Horner & Holnicote Woods [in **Somerset**], The Hobby, Valley of the Rocks, Welcombe Valley, Westleigh Park, Woody Bay and Youlston Park.
- 8.** O'Dare, A.M. (1989). *Ugbrooke Park, S Devon - renotification of SSSI*. [Report to Nature Conservancy Council]. 16 pp., incl. maps, species list & Figs.  
Remnant parkland & woodland. Total lichen flora 110; RIEC 70; NIEC 25.
- 9a.** O'Dare, A.M. (1990). *Lichen Survey of Becka Falls, Bovey Valley (SSSI), Devon*. [Report to Dartmoor National Park]. 59 pp., incl. maps, species list & Figs.  
Valley woodland, mostly oak; tagged trees. Total lichen flora: 150; RIEC 90; NIEC 39.
- 9b.** Davey, S.R. (2000). *Becky Falls: Lichen Survey*. [Report to English Nature]. 19 pp. + map.
- 9c.** Hawksworth, D.L. (2000). *Lichen Monitoring in Bovey Valley Woodlands*. [Report to English Nature, Contract No. F14-01-684]. 46 pp., incl. maps, species lists and Figs.  
Sites include **Rudge Wood, Houndtor & Woodash Woods, Neadon Cleave, Vinnimore and Peck Farm**. Monitoring photographic plus use of transparent overlays.
- 10.** O'Dare, A.M. (1991). *Heddon Estate Woodlands, Devon: Site assessment for areas of proposed management*. [Report to the National Trust]. 22 pp., incl. map & species lists.  
Valley and combe woodlands; management; tagged trees. Total lichen taxa 125; RIEC 45; NIEC 14.  
Lichenicolous fungi 5.
- 11.** O'Dare, A.M. & Coppins, B.J. (1991). *Buckland Abbey Woods, Devon: Lichen Survey*. [Report to the National Trust]. 18 pp., incl. map & species list.  
Mixed deciduous valley woodland, past disturbance, oak, beech, conifer, sycamore, ash, poplar, etc.  
Total lichen taxa 183; RIEC 40; NIEC 22.
- 12a.** O'Dare, A.M. & Coppins, B.J. (1991). *Dendles Wood NNR, Devon: Lichen Monitoring*. [Report to Nature Conservancy Council]. 50 pp., incl. maps, species list & Figs.  
Southern edge of Dartmoor; tagged trees & lichen quadrats set up. Total lichen taxa 150; RIEC 65; NIEC 22; EUOCIEC 16.
- 12b.** Coppins, A.M. & Coppins, B.J. (2000). *Dendles Wood NNR (VC 3 South Devon) - Lichen Monitoring II*. [Report to English Nature]. 50 pp., incl. map and Figs.  
Re-survey of the 10 quadrats established in 1991.

13. O'Dare, A.M. & Coppins, B.J. (1991). *Saltram Park, Devon: Lichen Survey*. [Report to the National Trust]. 29 pp., incl. map, species list & Figs.  
Edge of Plymouth, parkland, ancient pollards formerly ivy covered; tagged trees. Total lichen taxa 136; RIEC 25; NIEC 10. Lichenicolous fungi 5.
14. O'Dare, A.M. & Coppins, B.J. (1991). *Survey and Assessment of Lichens at Higher Start Fen, Slapton, Devon*. [Report to Nature Conservancy Council]. 13 pp., incl. map & species list.  
Mixed woodland in wet valley bottom. Total lichen taxa 118; RIEC 20; NIEC 9. Lichenicolous fungi 1.
15. O'Dare, A.M. & Coppins, B.J. (1992). *Brownsham, North Devon: Lichen survey*. [Report to the National Trust]. 33 pp., incl. maps, species list & Figs.  
Brownsham Wood (Devon Trust Reserve); Beckland Wood; Windbury Head; boundary trees. Small mixed coastal woods. Tagged trees. Combined totals: 148 lichen taxa; RIEC 70; NIEC 30. Lichenicolous fungi 5.
16. O'Dare, A.M. & Coppins, B.J. (1992). *The Weston Estate, South Devon: Lichen flora of some selected areas*. [Report to the National Trust]. 12 pp. incl. maps & species list.  
Woodland, wayside trees & coast; tagged trees (*Schismatomma graphidioides*, *Wadeana dendrographa*). Total lichen taxa: 138; RIEC 15; NIEC 9. Lichenicolous fungi 6.
17. O'Dare, A.M. & Coppins, B.J. (1992). *The Yealm Estate, South Devon: Lichen flora of some coastal areas*. [Report to the National Trust]. 10 pp. incl. maps & species list.  
Coastal site; total lichen taxa 163. Lichenicolous fungi 7.
18. O'Dare, A.M. & Coppins, B.J. (1993). *Castle Hill Park (Filleigh), Devon: Lichen Survey*. [Report to English Nature]. 47 pp., incl. maps, species lists & Figs.  
Parkland, woodland & willow carr. Total lichen taxa 247; RIEC 95; NIEC 41. Lichenicolous fungi 9.
19. O'Dare, A.M. & Coppins, B.J. (1993). *Woody Bay, North Devon: Lichen Flora*. [Report to the National Trust]. 27 pp., incl. map, species list & Figs.  
N-facing coastal woods, mostly oak; tagged trees. Total lichen taxa: 143; RIEC 35; NIEC 13. Lichenicolous fungi 3.
20. O'Dare, A.M. & Coppins, B.J. (compilers) (1993). *Lichens of some sites on the North Coast of Devon and Somerset (from Combe Martin to Hurlstone Point)*. [Report to the National Trust]. 33 pp.  
Compilation of various authors' notes; eleven sites, descriptions, species lists, incl. Maritime Indicator. Total lichen taxa overall: 258; Maritime Indicators 52. Peripheral epiphytic lists in Appendix I.
21. O'Dare, A.M. & Coppins, B.J. (1994). *Sherrycombe and Great Hangman, North Devon: Lichen Survey*. [Report to the National Trust]. 11 pp., incl. maps, species list & Figs.  
Narrow combe woodland above N coast, 99 lichen taxa, RIEC 25; NIEC 4. Cliff-top terricolous site; 39 lichen taxa. Lichenicolous fungi 2.
22. O'Dare, A.M. & Coppins, B.J. (1994). *West Challacombe Farm, North Devon: Lichen Survey*. [Report to the National Trust]. 4 pp., incl. map & species list.  
Farm woods, 58 lichen taxa. Lichenicolous fungi 1.
- 23a. O'Dare, A.M. & Coppins, B.J. (1994) *Clovelly Estate (VC 4, North Devon). Lichen Survey: Management Recommendations*. [Report to Clovelly Estate Co. Ltd. and English Nature]. 17 pp.

- 23b.** O'Dare, A.M. & Coppins, B.J. (1994) *Clovelly Estate (VC 4, North Devon). Lichen Survey: Woodlands and Parkland*. [Report to Clovelly Estate Co. Ltd. and English Nature]. 100 pp., incl. maps, species lists & Figs.  
Parkland & woodland; tagged trees. Total lichen taxa 246; RIEC 140; NIEC 70. Lichenicolous fungi 15.
- 24.** O'Dare, A.M., Rose, F. & Jarman, R. (1990). *Whiddon Deer Park and the Castle Drogo Estate, N. Devon: Lichen Survey*. [Report to the National Trust]. 36 pp., incl. maps, Figs. & species cards.  
Parkland & valley woodlands, rock outcrops; tagged trees. Total lichen taxa: 235; RIEC 105; NIEC 43.
- 25.** Rose, F. & Stern, R.C. (1990). *Report on Lichen and Bryophyte Surveys of Hembury, 16 - 18 October 1990*. [Report to The National Trust]. 4 pp. + mapping cards and map.  
Total lichen taxa 66; NIEC 16+2; RIEC 55.
- 26.** Coppins, A.M. & Coppins, B.J. (2002). *Croscombe Wood (part of Exmoor Coast & Woods SSSI): Lichen Survey*. [Report to English Nature]. 48 pp.  
Oakwood with associated cliff-top woodland and pasture woodland. Total lichen taxa 112, 110 epiphytic, 1 saxicolous, 2 terricolous; RIEC 65, NIEC 20 + 5; RDB species 2 (DD 2, NT 1). Lichenicolous fungi 4.
- 27.** Coppins, A.M. & Coppins, B.J. (2002). *Barle Valley SSSI and South Exmoor SSSI: Lichen Survey of selected areas*. [Report to English Nature]. 135 pp., incl. map, species lists and Figs.  
Devon sites included are **Yamson Plantation** (64 lichen taxa, RIEC 15, NIEC 4) and **Yamson Coppice** (89 lichen taxa, RIEC 35, NIEC 11 = 2, lichenicolous fungi 5).
- 28.** Coppins, A.M. & Coppins, B.J. (2002). *Black Tor Copse NNR, cSAC, (VC 4, North Devon): Desk Study - to discover relevant information relating to past and present site history and management and the history of lichen recording prior to carrying out a lichen survey*. [Report to English Nature]. 43 pp.
- 29.** Coppins, A.M. & Coppins, B.J. (2002). *Wistman's Wood NNR, cSAC, (VC 3, South Devon): Desk Study - to discover relevant information relating to past and present site history and management and the history of lichen recording prior to carrying out a lichen survey*. [Report to English Nature]. 47 pp.
- 30.** Hawksworth, D.L. (1999). *Rare Lichens at Black Tor Copse and Wistman's Wood NNR*. [Report to English Nature, Contract No. F14-01-666]. 31 pp., incl. maps, species lists and figs.
- 31.** Davey, S.R. (2000). *South Dartmoor Sites - Survey 2000: An Assessment of Current Findings Compared with previous visits*. [Report to English Nature]. 20 pp., incl. species lists.  
Sites considered are **Ausewell**, **Grey Park Wood**, **Becky Falls**, **Buckland in the Moor** (and adjacent woods), **Yarner Wood**, **Holne Chase** and the **Bovey Valley**.
- 32.** Hawksworth, D.L. (2000). *Lichen Monitoring in Yarner Wood NNR*. [Report to English Nature, Contract No. F14-01-684]. 31 pp., incl. maps, species lists and Figs.  
Monitoring photographic plus use of transparent overlays.

## Dorset

- 1.** Bowen, H.J.M. & Edwards, B. (2000). *Lichen monitoring on Oak trees near Wytch Farm*. [Report to BP]. 4 pp., incl. species lists.  
Monitoring of 24 Oak trees within a 3.5km radius of Wytch Farm Gathering Station.

- 2a.** Bowen, H.J.M. (1991). *Melbury Park Monitoring Project*. [Report to the Nature Conservancy Council, Contract 13/F2B/244/DAO1]. 15 pp.  
Monitoring of 32 trees that are to be pollarded (see next entry).
- 2b.** Bowen, H.J.M. (1994). *Melbury Park Monitoring Project: second report*. [Report to the Nature Conservancy Council, Contract 13/F2B/245]. 24 pp.  
Monitoring of the 32 trees (see previous entry) following pollarding, and establishment of quadrats on 5 oak pollards.
- 2c.** Edwards, B. (1996). *A Phase I survey & preliminary Lichen survey of Melbury Park SSSI*. [Report to English Nature]. 33 pp., incl. maps, target notes & species lists.  
Habitat survey of the SSSI, preliminary survey of the old deer park and collation of existing data. Total lichen taxa 163; NIEC 44. Total for site 240; NIEC 52.
- 3.** Davey, S.R. (1997). *General Ecological Appraisal of an Electricity Sub Station at Chickerell, Dorset*. [Report to Ashdown Environmental Consultancy, East Sussex]. 15 pp.  
Ash trees and a rock outcrop. Total lichen taxa 20.
- 4.** Edwards, B. (1998). *A Lichen and Bryophyte survey of Fontmell Down Nature Reserve*. [Report to the Dorset Wildlife Trust]. 25 pp., incl. maps, target notes & species lists.  
Survey of chalk grassland and scrub habitats. Total lichen taxa 48.
- 5.** Edwards, B. & Giavarini, V.J. (1998). *A Lichen Survey of Creech Grange Woods*. [Report to English Nature]. 25 pp., incl. maps & species lists.  
Five areas of woodland plus pasture trees. Total lichen taxa 171; NIEC 37.
- 6.** Edwards, B. (1999). *A re-assessment of the epiphytic Lichen flora of Hancock's Bottom SSSI*. [Report to English Nature]. 15 pp., incl. maps & species lists.  
Survey of former wood-pasture, plus report on tagged trees. Total lichen taxa 90; NIEC 19.
- 7.** Edwards, B. (1999). *An assessment of the epiphytic Lichen flora of Holt Forest NNR*. [Report to English Nature]. 30pp., incl. maps & species lists.  
Survey of former wood-pasture, plus tagging of important trees. Total lichen taxa 61; NIEC 16.
- 8.** Edwards, B. (2000). *A Lichen and Bryophyte survey of five sites in the Powerstock Vales*. [Report to English Nature]. 45 pp., incl. maps, target notes & species lists.  
Survey and comparison of five coppice woodland and former wood-pasture sites in the Powerstock Vales, west Dorset.  
Coltwood Coppice-Burcombe: Total lichen taxa 121; NIEC 28.  
Drakenorth: Total lichen taxa 82; NIEC 8.  
Powerstock Common: Total lichen taxa 112; NIEC 18.  
Wytherston Marsh: Total lichen taxa 65; NIEC 8.  
Wytherston Woods: Total lichen taxa 82; NIEC 15
- 9.** Edwards, B. (2000). *An assessment of the Lichen and Bryophyte flora of Dry Hill Moor and Burl Moor*. [Report to English Nature]. 6 pp., incl. map, target notes & species lists.  
Survey of two small woodlands within SSSI. Total lichen taxa 88; NIEC 12.
- 10.** Edwards, B. (2000). *A re-assessment of the epiphytic lichen flora of Lulworth Park SSSI*. [Report to English Nature]. 36 pp., incl. maps, target notes & species lists.  
Survey of parkland & adjoining woodland. Total lichen taxa 140; NIEC 27.

11. Giavarini, V.J. (2000). *Lichen survey of selected areas of Inmosthay Quarry, Isle of Portland, Dorset*. [Report to Hanson Aggregates]. 13 pp, incl. map, species list and Figs.  
Limestone gullies, bare rock and soil. Total taxa 85.
12. Giavarini, V.J. (2000). *Lichen survey of short turf and plateau soils at Shepherds Dinner, Isle of Portland, Dorset*. [Report to Hanson Aggregates]. 10 pp, incl. species list and Figs.  
Limestone cliff-top. Total taxa 68.
13. Giavarini, V.J. (2000). *Lichen Survey: Woodlands Copse, Shaftesbury Estates*. [Report to Lord Shaftesbury]. 20 pp, incl. species list, map and Figs.  
Oak woodland with tagged trees and monitoring quadrats set up in 1991. Total taxa 85.
14. Giavarini, V.J. (2000). *Lichen Survey, Upton Country Park*. [Report to Borough of Poole]. 16 pp. Incl. species list, maps and Figs.  
18th C. parkland by Poole Harbour. Total lichen taxa 142; NIEC 7.
15. Giavarini, V.J. (2001). *Lichen Survey, The Epiphytic Lichens of Lower Stonehips Wood, Kimmeridge, Dorset*. [Report to British Petroleum]. 12 pp, incl. map, species list and Figs.  
Small cliff-top wood near Well Site. Total taxa 90.

## Durham

1. Gilbert, O.L. (2000). *Shipley and Great Woods SSSI*. [Report to English Nature, Socksfield]. 16 pp., incl. map and photos.  
Lichen interest identified and managemet proposals made, RIEC 50; ten trees bearing RIEC species described and tagged.

## Gloucestershire

1. Giavarini, V.J. (2000). *Survey to assess the status of lichens associated with St. Mary's Church, Kempsey, Gloucestershire*. [Report to English Heritage]. 6 pp, incl. species list.  
Total taxa 72.

## Hereford & Worcester

1. O'Dare, A.M. & Coppins, B.J. (1991). *Croft Park, Hereford & Worcester: Lichen Survey*. [Report to the National Trust]. 59 pp., incl. maps, species list & Figs.  
Parkland & woodlands; tagged trees. Total lichen taxa 248; RIEC 50; NIEC 14; ESIEC 10. Lichenicolous fungi 8.

## Kent

1. Davey, S.R. (1999). *General Botanical Survey of Woolwich Arsenal*. [Report to Ashdown Environmental Consultancy]. 20 pp.  
An industrial site with few trees and other lichen habitats. Total lichen taxa 19.
2. Gilbert, O. L. (2002). *Lichen Survey of Eastern Quarry, Swanscombe, Kent*. [Report to Ardeola Environmental Services, Upper Springfield Road, Stroud, GL5 1TF]. 7 pp.

## Lancashire

1. Gilbert, O.L. (2000). *Eaves Green Link Road Ecological Assessment: Lower Plants Survey*. [Report to Penny Anderson Associates, Buxton]. 7 pp., incl. lists and maps.  
Survey of Mill Wood and Big Wood, Chorley. Secondary woodland containing 25 common lichens and 37 bryophytes.

## London

1. Davey, S.R. (2000). *General Ecological Survey of the Grounds of Goldie Leigh and the Memorial Hospitals, Greenwich*. [Report to Ashdown Environmental. Consultancy, East Sussex]. 16 pp.  
Buildings, isolated trees and mature woodland in the grounds of two hospitals. Total lichen taxa 37 and 29 respectively.

## Northamptonshire

1. Gilbert, O.L. & Hill, D.J. (1997). *Lichens and Buildings*. [Report to the National Trust, St Annes Gate, London]. 22 pp.  
Aesthetic assessment of lichen growth on **Sulgrave Church** and **Canons Ashby House**.

## Northumberland (See also [Cumbria](#))

1. Gilbert, O.L. (1992). *Lichen Survey of Warks Burn Woodland SSSI 1992*. [Report to English Nature, Newcastle-upon-Tyne]. 4 pp. and map.  
Survey of RIEC species, 17 trees tagged incl. seven with *Lobaria pulmonaria* and 6 with *Biatora sphaeroides*.
- 2a. Gilbert, O.L. (1992). *Lichen survey of Monk Wood SSSI 1992*. [Report to English Nature, Newcastle-upon-Tyne]. 7 pp. incl. maps.  
Survey of RIEC species, 17 trees tagged, *Lobaria pulmonaria* present on two oaks and transplanted onto a further eight.
- 2b. Gilbert, O.L. (1995). *Lichen Survey, Northumberland*. [Report to English Nature, Newcastle-upon-Tyne]. 3 pp.  
First resurvey, after three years, of *Lobaria pulmonaria* transplants by the **Gofton Burn** they were still in place; first resurvey, after 3 years, of *L. pulmonaria* transplants at **Monk Wood SSSI** where they remain on three trees out of the original eight; survey of **Kielder Western Moors Crag** and **Muckle Samuel's Crag**.
- 2c. Gilbert, O.L. (2000). *Lichen Monitoring: Lobaria pulmonaria transplants at Monk Wood SSSI*. [Report to English Nature, Stocksfield]. 2 pp.  
After eight years transplants remain on three trees out of the original eight.
3. Gilbert, O.L. (2000). *Lichen survey of Hesleyside Park SSSI*. [Report to English Nature, Stocksfield]. 12 pp., incl. map, photos and mapping card.  
Mainly planted woodland, epiphytic lichen taxa 78; RIEC 15; sandstone cliff with 3 *Sphaerophorus* spp.
4. Simkin, J.M. (2001). *Lichen and Bryophyte survey of Otterburn Training Area*. [Report for Ministry of Defence]. 20pp.  
Survey to identify areas of crags and scree of conservation importance on the Otterburn and Redesdale military ranges.
5. Simkin, J.M. (2001). *Lichen Survey of Thirlwall Castle*. [Report for Northumberland National Park Authority]. 18pp.  
Detailed survey of the castle before renovation, with recommendations for conservation and long term monitoring.

6. Simkin, J.M. (2003). *Tyne and Allen River Gravels cSAC*. [Report to English Nature, Stocksfield]. 111 pp., incl. maps and photographs.  
Survey and ecological study of lichen-rich calaminarian grasslands on heavy metal contaminated river shingles, at **Ninebanks SSSI**, **Williamston SSSI**, **Lambley River Shingles SSSI**, **Burnfoot and Wydon Nab SSSI**, and **Wharmley Riverside SSSI**.

## Shropshire

1. Coppins, A.M. & Coppins, B.J. (1997). *Walcot, Bishop's Castle (Shropshire, VC 40): Lichen Survey of National Trust Area*. [Report for The National Trust]. 85 pp., incl. map, species list & Figs.  
Remnant parkland, with old oaks; tagged trees. Total lichen taxa 143; RIEC 25; NIEC 16. Lichenicolous fungi 5.

## Somerset

1. Coppins, A.M. & Coppins, B.J. (1996). *Clatworthy Reservoir Woodlands (VC 5, South Somerset): Lichen Survey*. [Report to Wessex Water]. 24 pp., incl. map, species list & Figs.  
Four woodland areas at the edge of a reservoir. Total lichen taxa: 162; RIEC 35; NIEC 10. Lichenicolous fungi 7.
- 2a. Coppins, A.M. & Coppins, B.J. (1997). *Mounsey Nature Reserve, South Somerset (VC 5): Lichen Survey*. Report to English Nature. Contract No. F14/01/510]. 210 pp., incl. maps, species lists & Figs.  
Six woodlands in the Barle Valley; tagged trees. Total lichen taxa: 224; RIEC 135; NIEC 63.  
Lichenicolous fungi 15.
- 2b. Coppins, A.M. & Coppins, B.J. (2002). *Barle Valley SSSI and South Exmoor SSSI: Lichen Survey of selected areas*. [Report to English Nature]. 135 pp., incl. maps, species lists and Figs.  
Somerset sites included are **Westwater Linhay** (74 lichen taxa, RIEC 10, NIEC 7 + 1, lichenicolous fungi 2), **Westwater Copse** (93 lichen taxa, RIEC 40, NIEC 18 + 2, lichenicolous fungi 1), **East Hollowcombe** (100 lichen taxa, RIEC 65, NIEC 20 + 3, lichenicolous fungi 4) and **Zeal Brake & Shircombe Brake** (128 lichen taxa, including 40 saxicolous/terricolous, RIEC 50, NIEC 20 + 5, lichenicolous fungi 1).
- 3a. Coppins, A.M. & Coppins, B.J. (1998). *Lichen Survey of Horner Woods NNR - 1998*. [Report to the National Trust]. 151 pp., incl. maps, species lists & Figs.  
Valley woodland complex; tagged trees; lichen monitoring. Total lichen taxa 333; RIEC 120; NIEC 70.  
Lichenicolous fungi 10.
- 3b. Jarman, R., Wolseley, P.A. & O'Dare, A.M. (1988). *National Trust Eastwater Pollarding Experiment 1988: Lichen Survey and Long-term Monitoring Project*. [Report to the National Trust]. 80 pp.
- 3c. Wolseley, P.A. & O'Dare, A.M. (1988). *Horner Woods, Somerset: Report of a Lichen Survey*. [Report to the National Trust]. 131 pp.
- 4a. O'Dare, A.M. (1986). *A Lichen Survey of Porlock Weir, North Somerset, Part I*. [Report to Somerset Trust for Nature Conservation]. 23 pp.

- 4b.** O'Dare, A.M. (1989). *Porlock Bay, North Somerset, Part II: Lichen Survey of the Shingle Ridge - April, 1987. (From the Dock area at Porlock Weir, west to Gore Point)*. [Report to Somerset Trust for Nature Conservation]. 16 pp.  
Shingle ridge. Total lichen taxa 49.
- 5a.** O'Dare, A.M. & Coppins, B.J. (1992). *Hawkcombe Woods, Exmoor: Lichen survey*. [Report to Exmoor National Park]. 28 pp., incl. maps & species list.  
Valley woodlands, oak coppice, old pollards; tagged trees. Total lichen taxa: 182; RIEC 65; NIEC 25. Lichenicolous fungi 5.
- 5b.** Giavarini, V.J. (2000). *Lichen and bryophyte survey of selected Hawkcombe woods, Exmoor*. [Report to English Nature]. 25 pp, incl. species list, maps and Figs.  
Valley woodlands, oak coppice. Total lichen taxa 155; RIEC 45; NIEC 16.
- 6.** O'Dare, A.M. & Coppins, B.J. (1994). *Birchcleave (Simonsbath, Exmoor), with appendix for Wheal Eliza and other rock outcrops nearby, South Somerset (VC 5): Lichen Survey*. [Report to Exmoor National Park]. 18 pp., incl. map, species list & Figs.  
Plantation beech; 1 tagged tree; 66 lichen taxa; RIEC 20; NIEC 6. Wheal Eliza mine: 95 lichen taxa.
- 7.** O'Dare, A.M. & Coppins, B.J. (1994). *Burridge Wood (Dulverton, Exmoor), South Somerset (VC 5): Lichen Survey*. [Report to Exmoor National Park]. 17 pp., incl. map, species list & Figs.  
Even-aged oak; post-rhododendron; tagged trees. 82 lichen taxa; RIEC 25; NIEC 11. Lichenicolous fungi 2.
- 8.** O'Dare, A.M. & Coppins, B.J. (1994). *Ashcombe Plantation (Simonsbath, Exmoor), South Somerset (VC 5): Lichen Survey*. [Report to Exmoor National Park]. 21 pp., incl. map, species list & Figs.  
Diverse habitat, incl. overgrown "wilderness", incl. box, sycamore & Willow carr; tagged trees. 84 lichen taxa; RIEC 30, NIEC 9.
- 9.** O'Dare, A.M. & Coppins, B.J. (1994). *Hawkridge Ridge Wood (Barle Valley, Exmoor), South Somerset (VC 5): Lichen Survey*. [Report to Exmoor National Park]. 22 pp., incl. map, species list & Figs.  
Small area of mixed woodland, oak (incl. old coppice), alder, hazel & beech. Tagged trees. 108 lichen taxa; RIEC 25; NIEC 15. Lichenicolous fungi 5.
- 10.** O'Dare, A.M. & Coppins, B.J. (1994). *Weir Cleeve, Paddons Wood and Newgate Plantations (Dulverton, Exmoor), South Somerset (VC 5): Lichen Survey*. [Report to Exmoor National Park]. 22 pp., incl. maps, species list & Figs.  
Slope woodlands, even-aged oak coppice, with beech, holly & rhododendron. Tagged trees. Three site: 99 lichen taxa; RIEC 50; NIEC 14.
- 11.** O'Dare, A.M. & Coppins, B.J. (1991) **Higher Shute's Copse**, Staple Park Wood, Ne Roche [Neroche] Forest, Somerset. Notes, incl. map & species list.  
Ash & oak pollards within underplanted conifer. Total lichen taxa 123; RIEC 50; NIEC 18.
- 12.** Rose, F. (1986). *Exmoor Woodlands - A pilot survey of lichen and bryophyte interests within specific woods in the Barle, Exe and Avill valleys*. [Report to The Somerset Trust for Nature Conservation]. 24 pp. + maps.

13. Simms, M.J. (1996). Folly Farm (VC 6. North Somerset). Lichen Survey of Folly Farm, Avon. [Report for Avon Wildlife Trust]. 6 pp.  
Mostly unimproved farmland; some secondary woodland and a few ancient isolated trees; old farm buildings. Total lichen taxa: 63 epiphytic; 35 saxicolous.
14. Coppins, A.M. & Coppins, B.J. (2001). *Cheddar Gorge, North Somerset (VC 6): Lichen Survey*. [Report to The National Trust and English Nature]. 147 pp.  
Survey of limestone habitats, and detailed management proposals. Monitoring set up for *Placynthium garovaglii*, *Solorina saccata* and *Squamarina cartilaginea*. Total lichen taxa 134, all saxicolous or terricolous. RDB species 9 (VU 1, DD 6, NT 2). Lichenicolous fungi 9.
15. Coppins, A.M. & Coppins, B.J. (2002). *Haddeo Valley SSSI, South Somerset (VC 5), Deer Park & Upton Cleeve: Lichen Survey*. [Report to English Nature]. 23 pp., incl. map, species lists and Figs  
Area surveyed was **Deer Park** and **Upton Cleeve**: 74 lichen taxa, RIEC 25, NIEC 9 + 1.

## Staffordshire

1. Orange, A. (2002). *Saxicolous Lichen and Bryophyte Communities at Leek Moors, Staffordshire*. National Museums and Galleries of Wales: Report to English Nature.  
[Millstone Grit, V.C. 39, hectads 33/96, 43/06; 53 relevés grouped into 11 provisional nodes].

## Suffolk

1. Gilbert, O. L. (2002). *Breckland Lichen Survey*. [Report to English Nature, Suffolk Team, Bury St Edmunds]. 20 pp., incl. photos.

## Surrey

1. Davey, S.R. (1993). *A General Botanical Survey of the Laporte Fuller's Earth Works, Redhill*. [Report to Ashdown Environmental Consultancy, East Sussex]. 23 pp.  
Lichens on walls, isolated trees and scrub. Total lichen taxa 22.
2. Street, S. & Street, L. (2002). *Farnham Heath RSPB Reserve: Baseline Lichen Survey*. Report for RSPB. 37 pp., incl. maps, species list and Figs.  
37 lichens, 20 terricolous.

## Sussex

1. Davey, S.R. (1990). *General Ecological Report of a private woodland owned by Barry Hallett, Hallett's Wood near Mark Cross*. 7 pp.  
A valley woodland supporting a few interesting trees, but rather shaded. Total lichen taxa 40; RIEC 0; NIEC 4.
2. Davey, S.R. (1996). *Study of the effects of air pollution on lichens in the vicinity of an electricity generating station at Five Oaks, near Billingshurst, Lichens and Pollution Survey*. [Report to Ashdown Environmental Consultancy, East Sussex]. 15 pp.  
Woodland edges supporting lichens. Total lichen taxa 38.
3. Davey, S.R. (2000). *Bewl Water Reservoir*. [An unofficial survey for the Warden written up in a 4. letter]. 4 pp.  
A variety of lichen habitats. Local rarities include *Bryoria fuscescens* and *Pseudevernia furfuracea*. Total lichen taxa 77; RIEC 5; NIEC 4.

4. Davey, S.R. (2000). *Lower Plant Survey of Hoad Wood, Hastings*. [Report to Bioscan (UK) Ltd.]. 6 pp.  
An unremarkable piece of recent oak woodland at the head of a valley on the edge of Hastings. Total lichen taxa 20.
5. Sanderson, N. A. (1994). Notes on a Survey of Epiphytic Lichens in **Petworth Park** Sussex. [Report to the National Trust]. 12 pp. incl. map and species list.  
Landscape park with old oaks (*Lecanactidetum premneae*) and field trees (*Xanthorion*). Total lichen taxa 88; RIEC 15; NIEC 8.
6. Sanderson, N. A. (1995). *Ambersham and Heyshott Commons Lower Plant Survey*. [Report to English Nature]. 72 pp. incl. maps & species lists.  
Survey of lichen rich heathland, with evidence of a decline in quality due to lack of management, plus areas of old growth beech - oak pasture woodland in gullies. Total lichen taxa 101; RIEC 45; NIEC 12.
7. Sanderson, N. A. (1996). *Ebernoe Common Management Plan*. [Report to the Sussex Wildlife Trust]. 80 pp. incl. maps & species list.  
Management plan of pasture woodland common with beech - oak old growth woodland includes update on lichen data with species list. Total lichen taxa 134; RIEC 60; NIEC 20.
8. Sanderson, N. A. (1998). *The Mens Management Plan*. [Report to the Sussex Wildlife Trust]. xxpp. incl. maps & species list.  
Management plan of former pasture woodland, largely young growth beech - oak 19th C. plantations with limited relic old growth, includes update on lichen data with species list. Total lichen taxa 77; RIEC 30; NIEC 12.

## Wiltshire

- 1a. Gilbert, O.L. (1982). *Richards v. Blue Circle Industries Limited. Proof of Evidence of Dr O.L. Gilbert*. [Cremer and Warner Report No. 82125]. 19 pp.  
Survey of lichens around the Blue Circle Cement Works at Westbury to determine the fallout pattern of alkaline dust.
- 1b. Gilbert, O.L. (2000). *Resurvey of Lichens Around the Blue Circle Cement Works at Westbury Carried out in 1982*. [Report to Blue Circle Cement, Westbury]. 19 pp., incl. maps and photos.  
Dust reduction close to works, further away deposition has remained stable over 18 years.
2. O'Dare, A.M. (1984). *Pewsey Downs, N.N.R., north Wiltshire. Preliminary lichen survey of sarsen stones found on the top and south-facing slopes of Pewsey Downs N.N.R.* [Report to Nature Conservancy Council]. 3 pp.
3. O'Dare, A.M. & Coppins, B.J. (1994). *Fyfield Down NNR & SSSI, North Wiltshire (VC 7). Lichen Flora of the Sarsen Stones (Preliminary Assessment) and Lichen Monitoring*. [Report to English Nature, Contract No. 12/D4F/063]. 60 pp., incl. map & Tables.  
Monitoring saxicolous lichen communities. Total lichen taxa 110.
4. Sanderson, N. A. (1994). *Lichen Survey of High Wood, Longleat, Wiltshire*. [Report to English Nature]. 53 pp., incl. maps & species list.  
Areas of old growth high forest derived from coppice in parkland complex with ancient ash, tagged trees. Total lichen taxa 112; RIEC 65; NIEC 26.

## Yorkshire

1. Gilbert, O.L. (1998). *Lichen Survey of **Kidston Force Woods***. [Report to English Nature, York]. 5 pp.  
General survey, in particular to search for the 1969 record of *Gyalecta ulmi*. *Gyalecta* not refound probably due the effects of Dutch Elm Disease; RIEC 10.
  2. Gilbert, O.L. (1999). *Epiphytic Lichen Survey of **Bretton Country Park***. [Report to A. J. McCarthy Ecology, Sheffield]. 5 pp.  
23 common lichens present in the South Yorkshire sculpture Park.
-
